TOTAL DUE			

Wyoming CattleWomen is a dues-based organization. Most of our funding for operations is generated by dues. Without your support we are unable to supply you with information about the Beef Industry and give you a great Beef-It-News. Even if you are unable to actively participate in Wyoming CattleWomen at this time please consider paying your dues. This allows the organization to continue promoting your/our industry and livelihood which benefits us all.

Your continued support is greatly appreciated!
